

# Miracles Weekend Workshop

October 28 - 30

*The ultimate healing intensive designed to remove the blocks that have kept you stuck or in pain.*

No one leaves without having experienced a release around at least one significant issue that has been blocking their happiness. The underlying anger, guilt, sadness, hurt and shame is dissolved; and people leave feeling joyful, light and full of hope. The situation causing the problem usually dissolves as well.

The shifts that occur in people are nothing short of miraculous. And the shifts endure. People do not regress to victim hood afterwards as often happens after other workshops. Too much has shifted physically, mentally, emotionally and spiritually through the process.

Discovery: During this incredibly rich experiential weekend, you will break through the veil of everyday reality and discover the spiritual reasons for events, both good and bad, joyful and painful, and why specific people have come into your life. You will see that there is a Divine plan and purpose for everything we experience. Because it is limited to just 10 people, you get a lot of 'hands-on' assistance and gentle guidance from Mary in moving through, and healing, deeply-rooted core issues, hurtful memories, resentment from the past, and traumatic experiences. True freedom will be yours.

It is recommended that you read [Radical Forgiveness Making Room for the Miracle](#), by Colin Tipping. The Miracles workshop includes a 'Satori' Breath work Session, art, music and emotional release processes.
